

Guidelines recommend our practice.  
(We recommend our products.)

## Dow

- Propylene Glycol Ph. Eur./USP/JP
- Propylene Glycol Ph. Eur./USP/JP parenteral grade
- Disodium Edetate Ph. Eur./USP VERSENE™ NA Chelating Agent
- Macrogols Ph. Eur./USP (NF) CARBOWAX™ SENTRY™ Polyethylene Glycols

## Blue Cube

- Glycerol Ph. Eur./USP/JP 99.7% (synth.) OPTIM™ Glycerine 99.7% USP/EP
- Glycerol Ph. Eur./USP/JP 99.7% (synth.) LA parenteral grade OPTIM™ Plus Glycerine 99.7% USP/EP
- Glycerol 85% Ph. Eur./JP (produced with Purified Water Ph. Eur./USP by Hedinger)
- **Glycerol 85% Ph. Eur./JP API/parenteral grade** (produced with Purified Water Ph. Eur./USP by Hedinger)

## INEOS Phenol

- Acetone Ph. Eur./USP (NF) /JPE INEOS Acetone SQ

## Shell Chemicals

- Isopropyl Alcohol GMP Ph. Eur./USP/JP (IPA-GMP; pharmaceutical starting material/biocidal active substance)
- **Isopropyl Alcohol 70% API grade** (produced with Purified Water Ph. Eur./USP by Hedinger)
- **Isopropyl Alcohol 70% (V/V) API grade/USP** Isopropyl Rubbing Alcohol USP (produced with Purified Water Ph. Eur./USP by Hedinger)
- Petroleum Spirit (boiling range 40°C to 60°C) DAB

## Arkema

- Hydrogen Peroxide Solution (30%) Ph. Eur. API grade

## Wacker

- Acetic Acid, Glacial (99.9%) Ph. Eur./USP/JP
- Acetic Acid, Glacial (99.9%) Ph. Eur./USP/JP parenteral grade
- **Acetic Acid 80% API grade** (produced with Purified Water Ph. Eur./USP by Hedinger)
- Acetic Acid, customised aqueous solutions (produced with Purified Water Ph. Eur./USP by Hedinger)

## Lanxess

- Metacresol Ph. Eur./USP parenteral grade
- Butylhydroxytoluene Ph. Eur./USP (NF) GMP grade

## Hedinger

- Purified Water Ph. Eur.
- **Sodium Hypochlorite solution DAC/API grade**
- Aqueous solutions (formulated with Highly Purified Water Ph. Eur./Water for Injection USP)
- Production according to API-GMP (ICH Q7)
  - Customised products and concentrations
- Customised (re-)packaging
  - Packaging of customer supplied products
  - Classified clean-room conditions
  - 1 class C clean-room & 7 class D clean-rooms for toxic, flammable, corrosive and non-hazardous products
  - Customised labeling
  - GMP documentation
